## Personal statement

I'm a friendly and enthusiastic worker with over five years experience working in various areas of the industry. I work well in a team or independently. My experience in many different areas usually means I enjoy a good conversation but I balance this well with ensuring the job in hand is done to my best ability. I've also been fortunate enough that my work has taken me around the globe, so I'm extremely well practiced in working in new environments with people from all different nationalities.
